

Bonne nuit mon tout-petit

Bonne nuit

mon tout-petit

Natalie Marshall

Kimane

Kimane

You're my soft, sweet Snugglebear.
I'll hug you close to me.

And when I do, the whole wide world

Is just as it should be.

A whimsical illustration of a sleeping mouse in a field of stylized flowers and butterflies. The mouse is grey with large pink ears and is curled up in a nest of yellow and orange grass. It has its eyes closed and a small smile. The background is a warm, orange-toned landscape with rolling hills. Several stylized white flowers with black centers are scattered throughout the scene. Three blue and white striped butterflies are flying around. The overall style is soft and dreamy, with a focus on warm colors and gentle patterns.

You're my special
sleepy mouse

The twinkle
in my eye.

You're the one who sprinkles

All the sparkles in my sky.

My funny little
furry fox,
You've got that
magic spark.

I'll always be right
by your side

Whenever it gets dark

My little racoon,
you make me glow.
I'm always proud of you.

An illustration of three raccoons in a forest. One raccoon is at the top, looking down at two others who are huddled together. The raccoons have black and white fur with characteristic masks. The background features stylized green trees and a pinkish-red sky. The foreground is filled with various colorful flowers and plants. A thin pink line winds through the scene, connecting the raccoons to the text.

And I will try to make things right,

Whenever you are blue.

Now sweetly sleep
my baby owl,
You rest while
I look out.

An illustration of two stylized owls perched on a tree branch at night. The owl on the left is larger, with wide yellow eyes and an orange body. The owl on the right is smaller, with closed eyes and a similar orange body. They are surrounded by green and yellow leaves and acorns. The background is a dark blue night sky with a white crescent moon and small white stars. The text "Just you and me, up in the tree" is written in a simple font above the owls.

Just you and me, up in the tree

That's what life's all about.
